Now that Spring season is here, it's time to get out and start walking again! Join our Yorkshire Mile Club and walk with us every morning at 9:00. Walking is such a lovely means to exercise, and boost your heart health, burn calories, help lower your blood pressure and improve your overall health!

And what better way to walk than with other people to help motivate you and turn that exercise into an enjoyable social occasion? So put on those comfy tennies and soak up the sun's gift of Vitamin D in the mornings while getting in those important daily steps. Your body will thank you!
