A FOCUS ON DENZEL WASHINGTON

*One of the Greatest Actors
of his Generation*

Tuesday, March 7 at 10:00 am

Actor Denzel Washington's performances are often described as powerful, and they are regularly praised by the critics. His films have been consistently successful at the box office, and with a career spanning over four decades, he has more than proven that African American actors can draw in mainstream America. Thus far in his career, he has received two Academy Awards, the coveted Golden Globe Cecil B. DeMille Lifetime Achievement Award, and in 2020, President Biden awarded him the Presidential Medal of Freedom. This month, we celebrate the accomplishments of this celebrated actor.
